Mito

The style of the Mito lives up to the latest news from the Alfa Romeo family in design, onboard experience and in its performance too.

In this way, the smallest Alfa Romeo sporty car hasn't just grown-up: it has become grandiose.

Strength and agility are Mito's strong points. To provide them, Alfa Romeo engineers worked hard on every element of the car, to ensure only performance.

4c Spider

The Alfa Romeo 4C Spider is built with the same materials you'll find in a Formula 1 car. The 4C Spider's unique alloy wheels are milled from aluminium. And finally, SMC, an innovative low-density composite material is used for the outer body. The result is 0-100km/h in just 4.5 seconds and a top speed of over 258km/h.

The 4C's 1750 cc turbocharged power plant is based on state-of-the-art engine technology. 4 cylinders, an aluminium block, a new generation ultra-high pressure direct fuel injection, two continuously variable valve timing units, scavenging technology and a dual clutch enable unprecedented sporting performance. The Alfa Romeo 4C reaches 100 km/h in 4.5 seconds and develops a top speed of 258 km/h. Despite its performance, the emissions of the Alfa Romeo 4C fall well within the strict limits of Euro 6.

Expected:

Author details should be updated in the grid with or without comment

2. Description: In the Overall rating page, page numbers are not showing correctly and the user is able to click also data not displaying.

Total page numbers displaying 5 but user can click pagination next button unlimited times

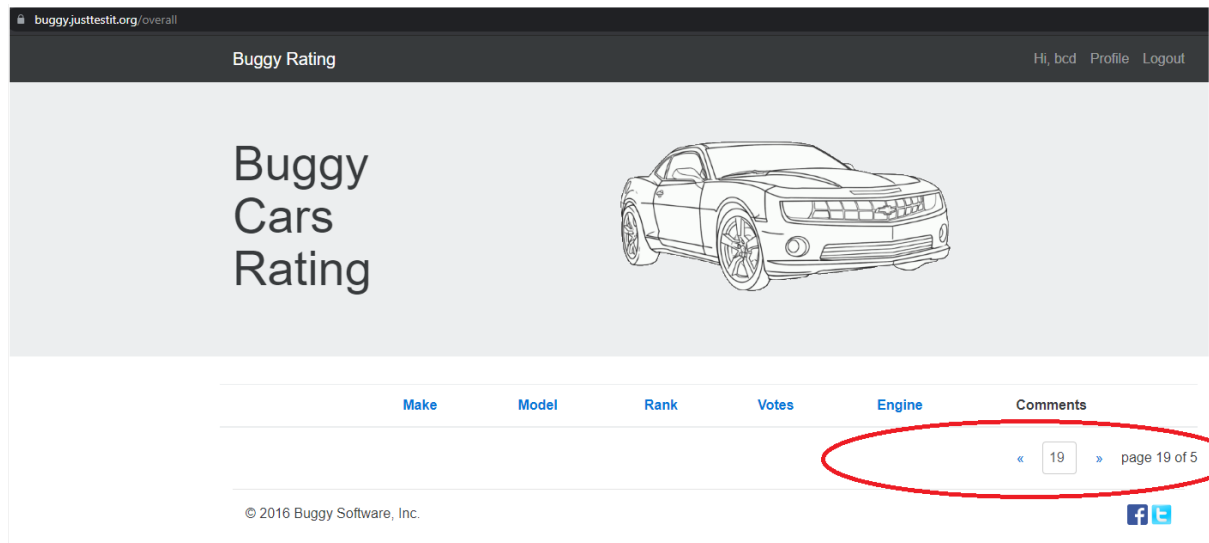

Steps to reproduce:

1. Go to the "Overall rating page" from the home page
2. Click on pagination next button more than 5 times

Actual:

User can traverse more than 5 pages but no data

Page number displays "**page 19 of 5**"

Expected:

When user reach last page i.e., 5th page then next button should disable

3. Description: Buggy Rating button is not responsive and it says broken

Steps to reproduce:

1. Click on "Popular Make" tile on the page

Steps to reproduce.

1. Navigate to the model page eg: [Guilia Quadrifoglio](#)

Actual: Author is not updated in some of the cars

← → ↺ 🏠 buggy.justtestit.org/model/c4u1mqnarscc72is00ng%7Cc4u1mqnarscc72is00sg

Guilia Quadrifoglio

New Giulia Quadrifoglio represents more than the most powerful Alfa Romeo ever created for street use. It represents a brand that can only belong to a brand as fabled as Alfa Romeo.

Here's to a sports badge born 106 years ago that still stands for something totally original today: a passion for technological. Crafted.

The technology behind New Giulia Quadrifoglio is created to enhance performance and to give great driving experiences always at the core of all innovation to create a car that is a natural extension of the body, the mind and the heart.
